

Step 1: Start with a square piece of **paper** with color side down,

Step 2: Fold the paper into a triangle by folding the bottom corner to the top corner.

Step 3: Fold the triangle into a diamond by folding the left and right corners to the top.

Step 4: Take the flaps you just folded and fold them outward to the left and right edges of the diamond.

Step 5: Unfold the left side and insert a finger into the pocket of that flap, then squash down as shown.

Step 6: Repeat step 5 for the right side as well so that you have two squashed sides.

Step 7: Fold the left and right corners down like you see in the picture.

Step 8: Fold the left and right triangles in half.

Step 9: Without creasing the paper, bring the left and right sides to face each other and glue them together. You have now completed one petal!

Step 10: Now make four more of these so that you have a total of five petals.

Step 11: Simply glue all the petals together and you're done!
