Writing Club: 10:30 Am

Yu-Gi-Oh Duel Club: 2 pm

All programs must be signed up for ahead of time.
Please call 616-681-9678 to sign up.

LOCAL HERO SHOW & TELL

Join us on June 5th to kick off Summer Reading with our local heroes!

From 3-6 pm, the Library parking lot will be filled with police cars, fire engines, swat vehicles, ambulances, and the local heroes that operate them! Take a look at each vehicle and learn more about what these heroes do for our community. Help us kick off our Summer Reading theme of "All Together Now!"

PAWS WITH A CAUSE AND NOAH'S ARK STUFFED ANIMAL WORKSHOP!

Learn more about Paws Dogs and what they do for the people they serve! If we are lucky, Paws might even bring a real-life furry friend for a demonstration!

Once Paws has taught you all there is to know about service dogs and how they learn, you will get to stuff your very own pup with love!

ALL TOGETHER NOW

COMPUTER CLASSES

Do you need a little extra help navigating computers? Join us for computer classes this summer with our resident teacher and tech expert! When you sign up we'll ask you for one thing you want to learn so we can make sure to hit the area you need!

Face Painting w/ Gals & Ghouls

This program is for ages 10+ to learn the basics of face painting from professional makeup and special effects artists! We loved our special effects class with Gals & Ghouls and can't wait to see what they have in store for Face Painting!

SLIME NIGHT

This year we are taking a little bit of a different spin on Science Night and doing all different slime creations! Fluffy slime, glow-in-the-dark slime, classic slime, and more at Slime Night!

*The library is not responsible for any slime stuck in carpets, clothes, or hair.

Laura Kemp Author Visit

Laura Kemp, author of The Lantern Creek series, will be coming to the Dorr Library on Thursday, August 24th. This White Pigeon author will be giving a little more insight into her Michigan set mysteries and if we are lucky she will have copies available for purchase.

STEVE TCHOZESKI AND OUTDOOR DISCOVERY CENTER

Join us on Wednesday, June 7th as Steve Tchozeski from Great Lakes Geoscience teaches us more about fossils! If we are lucky he may even have a sample fossil to take home with you!

On Wednesday, July 5th the Outdoor Discovery Center of Holland will be here with some of their animals to teach us all about how "Animals Need Animals" and different species that need others to survive!

End of Summer Reading

Summer Reading ends with a bang at our Mini Comic Con on August 5th! Come in costume or just as you are to complete fun crafts, games, and more! And don't forget to get your final summer reading logs turned in!
