Storytime is every Tuesday @ 10:30 am!

June 1, 15 & 29, July 13 & 27, Aug 10 & 24

Writing Club: 10:30 am

Yu-Gi-Oh Duel Club: 2 pm

All programs must be signed up for ahead of time. Please call 616-681-9678 to sign up.

LOCAL HERO SHOW & TELL

Join us on June 10th to kick off Summer Reading with our local heroes!

From 3-6 pm, the Library parking lot will be filled with police cars, fire engines, SWAT vehicles, ambulances, and the local heroes that operate them! Take a look at each vehicle and learn more about what these heroes do for our community. Help us kick off our Summer Reading theme of "Adventure begins at your library!"

JOHN BALL ZOO AND NOAH'S ARK STUFFED ANIMAL WORKSHOP!

Learn more about the animals at John Ball Zoo and what the zookeepers do to take care of them! If we are lucky the zoo might even bring some animal friends along with them!

Once JBZ has taught you all there is to know about their animals and their program, you will get to stuff your very own lemur, leopard, or owl with love!

ADVENTURE — BEGINS AT — YOUR LIBRARY™

I SURVIVED: THE LIBRARY

Are you a fan of the I Survived series? Become one with the books as you try different crafts and activities based on each book to see how YOU would survive! Build an unsinkable ship like the Titanic, make a tornado in a jar, and more!

SLIME NIGHT

Back by popular demand, it's Slime Night! We will put our science skills to the test to make Glow-in-the-dark slime, magnetic slime, classic slime, and more at Slime Night!

*The library is not responsible for any slime stuck in carpets, clothes, or hair.

STEVE TCHOZESKI AND OUTDOOR DISCOVERY CENTER

Join us on Wednesday, July 24th as Steve Tchozeski from Great Lakes Geoscience teaches us more about Geodes! If we are lucky he may even have some Geodes for you to break open and take home!

On Wednesday, July 10th the Outdoor Discovery Center of Holland will be here with some of their animals to teach us all about "The Safari in Your Backyard" and different species that live there!

Mushing 101 w/ Crystal Blue Sled Dogs

Crystal Blue Sled Dogs will be bringing out a team of sled dogs and all of the equipment to teach us all about the great sport of Mushing, or sled dog racing.

@ Dorr Elementary Gym

Have you seen the viral videos of people duct taping rubber chickens to their feet and trying to remain undetected by the blindfolded tagger? Well now it's your turn! Join us at the Dorr Elementary Gym for the Quiet Place Challenge!

End of Summer Reading

Summer Reading ends with a bang at our Mini Comic Con on August 10th! Come in costume or just as you are to make fun crafts, play games, and more! And don't forget to get your final Summer Reading logs turned in!
